2. Admissions Criteria

An applicant will be considered for admission to an undergraduate course under any one of the following categories (in accordance with AQF criteria). In addition, the following 'Special Additional Conditions' must be observed:

Special Additional Conditions - Music

The primary criterion for admission into the Bachelor of Music (Performance) or Associate Degree (Performance) is evidence of the applicant's talent and potential for making a career in the music industry. The applicant's talent and potential is tested by audition, interview and a musical knowledge test.

Special Additional Conditions - Dance

All applicants must undertake an audition and interview to be considered for the Bachelor of Dance or Associate Degree of Dance.

The applicant's talent and potential is tested by audition and an interview.

Applicants from outside Sydney can submit a DVD or YouTube link demonstrating their performance ability in one or more dance genres.

A. APPLICANTS WITH HIGHER EDUCATION STUDY

An applicant who has successfully completed another undergraduate course or at least one full time year of study may be admitted. Applicants must supply the AMPA with a certified copy of the Academic Transcript and Testamur (where applicable).

Recognition of Prior Learning (RPL)

Applications for RPL are managed and assessed by the Teaching and Learning Committee.

There are two types of prior learning which may be recognised by AMPA:

1. Completion of a prior course of formally recognised training, for which advanced standing for some units may be granted;
2. Completion of equivalent AQF level units in a prior course of formally recognised training, for which a credit transfer for those units may be granted;

In all cases, RPL will only be granted for units where it can be substantiated that the applicant has achieved the key learning outcomes or competencies. The Teaching and Learning Committee maintains the discretion to refuse RPL in circumstances where the prior learning took place 10 or more years prior to the application, or a shorter period in relation to units impacted by technological or other developments.

Up to 50% may be credited towards the current course of study. This may be granted in the form of block, specified or unspecified credit.

Completed bridging or enabling course

If an applicant has completed a bridging or enabling course at an external institution, the results of this course will be considered in assessing the candidate's suitability for AMPA tertiary study during the interview phase of the application process.

B. APPLICANTS WITH VOCATIONAL EDUCATION AND TRAINING (VET) STUDY

An applicant who has successfully completed another undergraduate course or at least one full time year of study may be admitted. Applicants must supply the AMPA with a certified copy of the Academic Transcript and Testamur (where applicable).

C. APPLICANTS WITH RECENT SECONDARY EDUCATION (WITHIN THE PAST TWO YEARS)

Australian Year 12 students

The successful completion of the NSW Higher School Certificate or equivalent. If an applicant submits alternative secondary educational qualifications, the Executive Dean determines whether the level of education attained is deemed equivalent to the level required for satisfactory performance in the NSW HSC. Applicants must supply a certified copy of their HSC or equivalent.

ATAR-related adjustments

AMPA does not assess ATAR related adjustments. Any external examinations completed by the candidate such as AMEB (Australian Music Examinations Board), RAD (Royal Academy of Dance) or similar accredited organisations will help to identify the candidate's potential for study in one of AMPA's undergraduate courses.

Criteria that may apply in addition to ATAR

An ATAR score or equivalent is not required for entry into AMPA's undergraduate courses although consideration will be given as to the candidates suitability to study Higher Education based on the assessment of either a potential or final ATAR score during the interview phase of the admissions process.

Other admission options

Please refer to 'Special Additional Conditions' in 2. Admissions Criteria above.

Provisional admission allows the applicant to commence full time study with all student rights and benefits, with the understanding that progression through the course depends on their successful completion of first trimester and further demonstration of their potential.

Upon successful completion of this provisional trimester, the student will be permitted to continue the course to its completion.
